12 volt solar outdoor light

Overview

Do solar lights work on 12 volts?

Our 12v lighting products are powered by 12v AC electricity. This comes through a transformer plugged into a normal (or waterproof) 3-pin electrical 230v socket. Why don't you sell Solar Lights?

We specialise in safe low voltage outdoor and garden lighting that works on 12 volts and designed for outdoor use with a 12v lighting system.

What is a solar powered holiday light?

Solar powered holiday lights - no electrical outlet needed. Detachable solar panel for flexible mounting. Includes USB cord for manual charging. Uses: Holiday lighting (trim lighting or landscape features). Solar powered bistro string lights. Ideal for outdoor living spaces; permanent or temporary.

What is included in a solar landscape lighting kit?

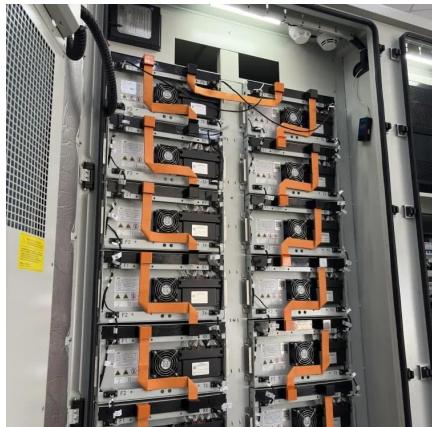

Solar landscape lighting kits includes: (2) solar brass LED spotlights, (2) solar brass LED path lights, (1) solar panel w/ rechargeable batteries, cable & wire connectors. AVAILABLE WHILE SUPPLIES LAST. Uses: Pathways, garden beds, trees & architectural features. Solar powered holiday lights - no electrical outlet needed.

What is solar lighting used for?

Uses: Outdoor living spaces (decks, seating & lounge areas). With the rise of clean-energy technologies, the "Going Green" movement has made its way into outdoor lighting. Over the past decade or so, solar-powered light fixtures have provided homeowners with illumination with little-to-no effort needed for installation.
