

1200W portable power station in New-Zealand

Overview

Why should you buy a portable power station in New Zealand?

New Zealanders love staying connected while they're out and about on holiday. Our range of portable power stations and solar-powered products ensures your devices are constantly charged on the go. Get the amps you need on-location and enjoy freedom from noisy generators. Shop for portable power solutions at Trade Tested online.

What is the largest power station in New Zealand?

The Benmore Power Station, located in New Zealand, is the second largest, generating enough electricity each year for about 298,000 average New Zealand homes. When it was opened in 1965, it was the largest power station in New Zealand. The Benmore Dam holds back New Zealand's largest artificial lake.
