[What Are Foldable Containers For Shipping Cargo?](#)

Enter The Foldable Container How Does A Foldable Container Work? The Downside of Foldable Containers While the containers from HCI are of the collapsible type, those from Staxxon fold vertically, in the company's words 'accordion style'. To fold an HCI container, an MHE would lift the roof of the container, and then the sides are folded inward. The roof is then lowered gently to rest on the folded sides creating a kind of horizontal flat-pack. Fou See more on marineinsight special-container
