

200mw energy storage project in Cebu Philippines

Overview

Does Aboitiz Power have a hybrid energy storage system in Cebu?

Aboitiz Power Corporation, one of the Philippines' major utilities, has launched a project that reflects this shift toward hybrid infrastructure. The company is constructing a 30-megawatt hybrid Battery Energy Storage System (BESS) in Cebu, in collaboration with East Asia Utilities Corporation.

What's new at MGen Cebu?

The Cebu facility is the second for MGEN after the planned 4,500 megawatt-hour energy storage project in Nueva Ecija, which broke ground in November 2024. President Ferdinand R. Marcos Jr. was present during the groundbreaking of the Terra Solar Project, the largest integrated solar and battery storage facility in the world to date. (PNA).

Does Cebu need more power investments?

DOE Central Visayas Director Renante Sevilla lauded the BESS project in Mactan, saying that Cebu needs additional power investments given its rapid progress. / KOC.

When will MERALCO PowerGen's battery energy storage system be completed?

(PNA) MANILA – Completion of the first phase of Meralco PowerGen Corporation's (MGEN) Battery Energy Storage System (BESS) in Toledo, Cebu is targeted by 2026, with full completion eyed the following year. The first phase has a 25 MW capacity while full capacity is 49 MW.
