# 20kW Off-Grid Solar Container for Water Plant

## Overview

---

What is a 20kW off-grid Solar System?

A 20kW off-grid solar system includes solar panels, off-grid solar inverter and solar batteries. Since this solar system comes with solar batteries, you can store excess solar energy to be used later on when required. Solar battery will help you to run your connected load very smoothly.

What is a 20kW grid-connect solar system?

These 20kW size grid-connect solar kits include solar panels, string inverter, and the racking system for a ground mount. These are complete PV power systems that can work for a home or business, with everything you need to get the system up and running. The kits include hardware components only; does NOT include labor.
