

# **24vled solar container outdoor power**

## Overview

---

What is a mobile solar PV container?

High-efficiency Mobile Solar PV Container with foldable solar panels, advanced lithium battery storage (100-500kWh) and smart energy management. Ideal for remote areas, emergency rescue and commercial applications. Fast deployment in all climates.

What is Sunbox 35A – mobile solar container?

SunBOX 35A – mobile solar container. This container is created to achieve the highest level of efficiency. Thanks to its solar tracking system, it always keeps the PV panels properly oriented. This solution lets you avoid any significant power drops during the day thus get the most out of your panels.

How much solar area does a mobile solar container offer?

Up to 70 m<sup>2</sup> PV area. Our Mobile Solar Container is available in version 20'. It offers a vast solar area of up to 700m<sup>2</sup>. One person in 15 minutes. It is really that fast to prepare the container. It is especially useful in bad weather when you can quickly fold the panels to prevent any potential damage.

What are the advantages of a mobile solar container?

Convenient levers make it even easier to operate for only one person. Mobile Solar Container is also a great storage option for PV panels while not in use. Automatic hydraulic systems. It wouldn't be possible to create such a convenient system without the highest quality hydraulics.
