

# 25kw hybrid inverter in China in Melbourne

## Overview

---

How do iStore hybrid inverters work?

The iStore hybrid inverters feature MPPT Multi-Peak Scanning, optimising energy production even in shaded conditions by tracking multiple power peaks and adjusting to the optimal point. This ensures higher energy yields even when parts of the solar array are partially shaded.

Are iStore solar inverters a good choice?

Available in 10kW, 15kW, and 25kW models, iStore inverters are a smart choice for any solar setup. iStore inverters are a top choice for any solar setup, supporting local quality and innovation. iStore inverters come with a 10-year warranty covering materials and workmanship, plus a free 2-year parts warranty extension for added peace of mind.

How much power does an iStore inverter deliver?

iStore inverters can deliver up to 37.5 kW of combined AC and DC output, offering efficient power to the grid, real-time energy consumption, and integration with storage systems for extra flexibility. Covers materials and workmanship for 10 years, ensuring long-term reliability and performance.

What are the different types of solar inverters?

Available in 10kW, 15kW, and 25kW models. Durable, high-performing inverters minimise maintenance calls. Ideal for residential, commercial, or industrial solar setups. Advanced safety and reliability features provide peace of mind to your customers.
