300wh power station for sale in Durban

Overview

Why should you buy a magneto 300W portable power station?

Life keeps on going even when the power goes off! The Magneto 300W Portable Power Station ensures you can continue with your daily activities no matter what your electricity-supply situation is. It is the perfect loadshedding backup power solution for homes, offices, and the outdoors!.

What is a gizzu portable power station?

The Gizzu Portable Power Station offers power on the go in a compact design. This portable power station is ideal for emergency needs, power outages, camping trips, or whatever else electricity is needed as it allows you to power up small appliances. With three USB ports and a PD port, you can keep your phone, tablet, notebook, and camera charged.

What happens if the power requirement exceeds 300W?

If the power requirement draw exceeds 300W, the device will shut down and this may cause damage. The device is recommended to be used as a Power Station; not as an always-on, pass-through solution. It is not recommended to use the device while charging or to leave it constantly plugged into the mains, as this can cause battery degradation.

How do you charge a portable power station?

Power up all your must-have household devices by simply charging your power station via an AC wall outlet, 100-watt USB-C port, 60 to 120-watt solar panels (not included), or even on-the-go in your car, with the 12-Volt car port. Do not power devices with the Portable Power Station while it is charging.
