

Asunsen Intelligent Photovoltaic Energy Storage Container 1MWh

Overview

HJ-G500-1000F 1MWh Energy Storage Container System. The system adopts lithium iron phosphate/semi-solid-state battery core, with 500kW energy storage converter, and realises intelligent control through energy management system (EMS), which has perfect communication, monitoring, management, control, warning and protection functions, and can achieve long-time continuous and safe operation, and is suitable for a variety of energy storage application scenarios.
