

Aurora solar inverter factory in Lisbon

Overview

What happened to a Galp & Northvolt lithium refinery in Portugal?

The construction of Aurora as one of Europe's largest lithium refineries by Galp and Northvolt in Portugal has been postponed.

Will Northvolt build a lithium conversion plant in Portugal?

With electric vehicle (EV) sales surging across Europe, Swedish battery manufacturer Northvolt announced April 13 its intent, together with Lisbon-based multinational energy conglomerate Galp Energia, to construct a massive lithium conversion plant on Portugal's southern coast.

What's going on with Aurora's Lithium Project?

The joint venture is also exploring funding options to support the project's development. Aurora aims to build Europe's largest sustainable lithium plant in Portugal, producing 35,000 tons annually by 2026, supporting the battery value chain and energy transition efforts.

Why is the construction of Portugal's largest lithium refinery postponed?

The construction of one of Europe's largest lithium refineries in Portugal has been postponed. Due to its complexity and uncertainties regarding financing, the 50:50-joint-venture Aurora project by Portuguese oil company Galp and Swedish battery manufacturer Northvolt will be delayed.
