

Bahamas Solar Container 20MWh Payment

Overview

Will Blue Hills solar power New Providence?

The Blue Hills solar project is expected to contribute 7.4 percent of BPL's power demand on New Providence, a significant addition to the country's energy mix. This According to Seymour, the project is an important part of the utility's long-term strategy to incorporate renewable energy into its operations.

What are the benefits of a 20-megawatt solar installation?

The 20-megawatt solar installation, set to be located at the Blue Hills Power Station, is poised to bring significant benefits to the country, including lower energy costs and enhanced energy security.

How long does it take to build Blue Hills solar?

Owen Bethel, CEO of Madeleine Solar, said construction of the Blue Hills solar project is slated to take 18 months and will provide employment for over 100 Bahamians during the construction phase, offering a boost to the local economy and providing skilled jobs in the renewable energy sector.
