

Battery storage box processing in Brussels

Overview

What is the D-Stor battery storage project in Belgium?

A digital illustration of the D-STOR battery storage project in Belgium. Image: BSTOR. Project owners BSTOR and Energy Solutions Group have started building separate BESS projects totalling 440MWh of capacity in Belgium, following financial close, both of which will use Tesla Megapacks.

Is Belgium a good place to invest in battery storage?

Belgium is one of the most active and mature grid-scale energy storage markets in Europe, with diversified opportunities for monetising battery storage via flexibility markets and a supportive regulatory regime.

Who needs energy storage battery solutions (Bess)?

Businesses, industries or public authorities. Increase the share of wind or solar power in your energy mix with our energy storage battery solutions (BESS).

What is bstor & Energy Solutions Group doing in Belgium?

BSTOR and Energy Solutions Group have started building BESS projects totalling 440MWh of capacity in Belgium, using Tesla Megapacks.
