

# **Belgian energy storage equipment battery**

## Overview

---

What is the largest battery storage project in Belgium?

Construction has started on what will be the largest battery storage project in Belgium at 25MW/100MWh when completed later this year. Nala Renewables' lithium-ion battery energy storage system (BESS) will come online at metals conglomerate Nyrstar's zinc smelting operation in Balen, in Belgium's Flemish region, by the end of 2022.

Where is the largest battery energy storage system in Europe?

The largest battery energy storage system in mainland Europe has gone live in Belgium, as Sungrow and ENGIE completed the first 400MWh phase of the 200MW/800MWh Vilvoorde project. Project: ENGIE Vilvoorde Battery Energy Storage System Capacity: 200MW / 800MWh (400MWh Phase 1 online) Location: Vilvoorde, Belgium.

Why is battery storage important for Belgium's energy transition?

Upon completion of the second 400MWh phase by the end of 2025, the entire installation will be providing clean, stable power for about 96,000 homes and helping stabilize Belgium's power grid. Battery storage is one of the most vital, yet too often overlooked, pieces of the energy transition jigsaw," said Moritz Rolf, Sungrow Europe Vice President.

What is the energy storage project in Belgium?

The main energy storage project in Belgium is the construction and operation of an offshore "energy atoll" (essentially a manmade offshore pumped-storage facility), for which the Electricity Act has been modified in 2014 (see below), in order to support offshore wind-generated electricity production.

---

[Engie, NHOA join hands in 320-MWh Belgian battery project , Energy](#)

Energy storage system integrator NHOA Energy and French electric utility Engie SA (EPA:ENGI) will partner in a new project to install an 80-MW/320-MWh battery energy storage system

...

[Update on Europe's Largest Battery Energy Storage System ...](#)

As of November 22 2025, both phases of the largest battery storage system in Europe have been completed and with the second phase awaiting commissioning.. The company is also building ...

[Impressive Belgian battery storage: 800 MWh is essential](#)

Nov 21, 2025 · Engie has officially launched its 200 MW / 800 MWh battery energy storage system (BESS) in Vilvoorde, Belgium, which is now fully operational. This landmark facility is ...

['Largest battery in mainland Europe' powers up in Belgium](#)

Oct 1, 2025 · Engie and Sungrow have commissioned the first 400 MWh phase of mainland Europe's largest battery energy storage system in Vilvoorde, Belgium, with full capacity due by ...

[NHOA Energy, ENGIE to develop BESS facility in Belgium](#)

5 days ago · NHOA Energy was granted the contract by ENGIE for the supply, commissioning and long-term service of the system. 'Flexible energy generation' "With this new battery park, ...

[ENGIE and NHOA Energy Expand Their Partnership in Belgium ...](#)

6 days ago · "With this new battery park, we are strengthening our current position as the Belgian reference in flexible energy generation and storage.

['Largest battery in mainland Europe' powers up in Belgium](#)

Oct 1, 2025 · Engie and Sungrow have commissioned the first 400 MWh phase of mainland Europe's largest battery energy storage system in Vilvoorde, Belgium, with full capacity due by ...

## ENGIE and NHOA Energy break ground on 400 MWh battery project in Belgium

Kallo, 14 May 2025 - NHOA Energy, the global provider of utility-scale energy storage systems, today celebrated with ENGIE the groundbreaking of a 400 MWh battery energy storage system ...

## [Belgium's Largest Battery Energy Storage System Goes Live](#)

Brussels, October 15, 2024 - Belgium has officially launched its largest battery energy storage system (BESS) to date, featuring a groundbreaking 50 MW/200 MWh capacity powered by ...

## [NHOA Energy to Build 320 MWh BESS for ENGIE in Belgium](#)

6 days ago · NHOA Energy has been awarded by ENGIE a contract for the supply, commissioning and long-term service of an 80 MW/320 MWh battery energy storage system ...

## [ENGIE and NHOA Energy Collaborate for 320 MWh BESS](#)

6 days ago · ENGIE awards NHOA Energy a 320 MWh battery storage system in Belgium to enhance grid stability and renewable integration.
