

Branded solar inverters from Austria

Overview

Who makes solar inverters?

Following SMA in the pecking order is Kaco New Energy, also one of world's largest manufacturers of solar inverters globally. Headquartered in Neckarsulm near Stuttgart, Kaco has businesses in 16 countries, with its production facilities in Germany, the Americas and Asia having produced inverters with a total capacity of around eight GW since 1999.

Who makes German solar inverters?

Headquartered in Niestetal near the city of Kassel in northern Germany, the SMA Group is easily the biggest player in the German solar inverters, a key unit of all PV plants. Moreover, its total turnover of about €1 billion in 2015 also makes it the market leader globally.

What are the best solar inverter brands in Australia?

The best solar inverter brands in Australia are Fronius, SMA, Q CELLS, SolarEdge, Enphase, Sungrow, GoodWe, and Huawei. Each brand has unique features, pros, and cons that will suit different solar PV system requirements. Although each has a competitive advantage, the best solar inverter brand for one is not necessarily the best for another.

Who are ABB solar inverters?

ABB, headquartered in Switzerland, is a multinational corporation with a strong presence in the renewable energy sector, particularly in solar power solutions. ABB has been developing innovative and reliable solar inverters for both residential and industrial applications for over a decade.
