

LLSE CONTAINERS

British glass solar power generation manufacturer

Overview

Who are UK solar generation?

UK Solar Generation only offer the best quality products assuring output and reliability. We provide panels, inverters and batteries from market leaders Tesla, Huawei, Q-Cells, GivEnergy, Trina Solar and Suntech and K2 mounting systems to find the best combination for maximum efficiency. “The staff involved were all knowledgeable and polite.

Who is GB-Sol?

Established in 1994, GB-Sol is an independent UK company, manufacturing solar PV panels and mounting systems at our spacious factory on the Treforest Industrial Estate, just north of Cardiff. A spin-out from the Cardiff University solar test centre, GB-Sol has been at the forefront of solar power generation for several decades.

Is GB-Sol a good solar supplier?

GB-Sol has been top-rated solar supplier in the Ethical Consumer magazine for many years. At GB-Sol we try to ensure that our supply partners have high standards and play no part in slavery, exploitation of children, conflict minerals or other forms of corruption. You can download our Supplier Code of Conduct [here](#).

Why should you choose GB-Sol solar panels?

When you choose GB-Sol, you are choosing safety, reliability, durability and sustainability. GB-Sol awarded ‘Best Buy’ for manufacture of solar panels with a score of 80 where most solar panel manufacturers scored less than 40. Take a look at our new guide for PV Slate on Heritage Buildings.
