

Brunei 5g hybrid energy base station address

Overview

Will Brunei launch 5G services in 2023?

High-level officials from Brunei's three retail telecommunication providers pose for a symbolic launching of the country's 5th Generation (5G) services, in Bandar Seri Begawan, capital of Brunei, June 22, 2023.

What is unified national networks (UNN) in Brunei?

In 2019 Brunei created Unified National Networks (UNN), a wholesale network consolidating fixed, mobile, and submarine infrastructure for DST, imagine, and Progresif. In June 2023 Brunei officially launched nationwide 5G with about 90% of the population covered.

Does Brunei have a good internet service?

The newly upgraded network capacity (and the move to 5G) is timely to handle this surge. Another important aspect is service quality and reliability. Generally, Brunei's internet is stable, but it's not without occasional issues.

How is Brunei connected to the world?

Even many rural villages are being connected via fiber or high-speed DSL as the network expands. Mobile Broadband (4G & 5G): For the mobile-first Bruneian population, robust cellular networks ensure connectivity on the go. 4G LTE coverage has essentially reached the entire populated territory, and speeds on 4G are quite good (tens of Mbps typical).
