

# Brunei Solar Panel Components

## Overview

---

Are solar panels legal in Brunei?

At the moment, there is no regulatory governing the installation of solar panel in Brunei. Companies follow international standards for solar PV systems that convert solar energy into electrical energy, as well as for all the elements in the entire system.

How many solar panels are there in Brunei?

The 3.3MW BSP Flagship Solar PV plant at Jalan Tengah, Seria, is Brunei's second solar power plant. It was completed in 2021 and started to produce electricity on 30 March 2021. With almost 7,000 solar panels, it is capable of generating power equivalent to 600 houses. Solar panels installed on a Brunei government building in Temburong.

How much electricity does a solar power system save in Brunei?

As Brunei uses block electric tariff, electricity tariff of BN\$0.06 per kWh will be used in calculation. This is based on estimation of lowest monthly electric consumption charge for domestic usage. As a result, you will save around \$13,665 worth of electricity over the lifespan of your solar power system.

Who owns the solar plant in Brunei?

The solar plant in Brunei is currently operated and maintained by BSP. Agnete Johnsgaard-Lewis, BSP Managing Director and Shell Country Chair in Brunei, shared this information.
