

# Bulgaria Communications 5g Base Station Progress

## Overview

---

Is there a 5G network in Bulgaria?

Yes, there is actually a pretty extensive 5G network in Bulgaria as of 2024, but it depends on the provider and where in Bulgaria you are visiting. That said, all the tourist destinations in Bulgaria are covered with either a 4G/LTE or even a 5G signal.

Why is Vivacom launching 5G services in Bulgaria?

Vivacom is investing in network upgrades and has stimulated other market players to invest in their own 5G service provision with its development of 5G services. In 2020, both A1 Bulgaria and Vivacom launched commercial 5G services. The broadband market in Bulgaria enjoys excellent cross-platform competition.

What is the European 5G Observatory?

The European 5G Observatory tracks progress in 5G infrastructure deployment across the EU and other regions worldwide according to base stations deployment, edge nodes and infrastructure sharing agreements. Source: IDATE estimates and regulators' data. Reporting period: at December 2024. Source: IDATE estimates and regulators' data.

What is a 5G network regulation?

The Communications Regulation Commission adopted rules for 5G networks and other wireless communication for the 2022-2024 period. This policy aims to ensure good conditions for spectrum use, a predictable environment, and maximum societal benefits. 8. What focused 5G network or spectrum sharing regulation exists?
