

# Bulk Procurement of High-Temperature Resistant Photovoltaic Storage Containers in Kuala Lumpur

## Overview

---

Who is Shanghai Zee energy storage technology?

Shanghai ZOE Energy Storage Technology Co., Ltd., established in 2022, is dedicated to providing global users with safe, efficient, and intelligent energy storage product system solutions. The company is headquartered in Shanghai, with its R&D center in C.

Who is vast solar?

Vast Solar, a New South Wales, Australia based organization started operating a 1.1 MWe, 6MW th pilot CST plant with 3hrs of storage using liquid Sodium as heat transfer fluid and molten salt as a storage medium since June 2018 ("Vast Solar," 2018 ).

Why should you choose a modular solar power container?

Go big with our modular design for easy additional solar power capacity. Customize your container according to various configurations, power outputs, and storage capacity according to your needs. Lower your environmental impact and achieve sustainability objectives by using clean, renewable solar energy.

What is vast solar CSP?

The Vast Solar CSP design uses a distributed sodium loop throughout the solar array to achieve higher HTF temperatures and higher power cycle temperatures than conventional central tower designs.

## Bulk Procurement of High-Temperature Resistant Photovoltaic Storage
