

Bulk Procurement of Waterproof Off-Grid Solar Containers for Portugal

Overview

Are off grid solar containers reliable?

Solar equipment is very reliable but occasionally parts may fail so there is need to monitor and solve any problems. Off Grid Solar container units guarantee security and reliability and allow the engineering team to complete installations in a few days rather than weeks.

Can a containerized Solar System be installed off-grid?

Off-Grid Installer have the answer with a containerized solar system from 3 kw up wards. Systems are fitted in new fully fitted containers either 20 or 40 foot depending on the size required.

Why is Portugal a good place to invest in solar energy?

In a time of energy price hikes, supply concerns and with Portugal boasting some of the highest levels of sunlight hours in Europe- it's the perfect location to harness the power of solar & thermal energy for your home We also supply solutions for underfloor heating, domestic hot water, and central heating.

What is an off grid solar container unit?

Attaching to the grid can also be expensive and this can be an issue in the UK as well as Africa or Latin America. An Off Grid solar Container unit can be used in a host of applications including agriculture, mining, tourism, remote islands, widespread lighting, telecoms and rural medical centres.
