

# Can I make money by installing solar panels on my roof

## Overview

---

How can I make money from solar panels on my roof?

The easiest way to make money from solar panels on your roof is through net metering. Utility users that produce solar power can feed part of the excess energy back into the grid thanks to net metering. With this billing strategy, solar clients receive credits against their electricity usage, which lowers their monthly expenses.

Can you make money installing solar panels?

Buy an empty lot. Install solar panels. Produce Electricity. Make Money. Right?

Unfortunately, this scenario is not possible, and this blog explains why. Does Solar Directly Make You Money?

Can You Make Money Selling Power Back to the Utility Company?

There is a misconception that when you install solar you are actually making money.

Can you make money from solar power?

Making money from solar power is not only possible but increasingly accessible thanks to advancements in technology and supportive policies. According to the U.S. Department of Energy, homeowners can save up to \$30,000 over 20 years by installing solar panels and participating in net metering programs.

How much does a solar roof cost?

DeBono did not specify a system capacity when mentioning the \$42,000 figure, but he mentioned that is the typical cost of a residential installation. For comparison, Tesla solar roofs are often quoted above \$60,000, and customers with large and complex roofs have received offers above \$100,000.
