

Comparison of a 120-foot folding container with a diesel generator

Overview

What is a containerized diesel generator?

Discover the containerized diesel generators at DINGBO Power, offering a mobile and secure power solution for a wide range of applications. These generators are housed in robust containers, providing enhanced security and portability. Ideal for use in remote, outdoor, or temporary sites, they ensure reliable power delivery in any setting.

What is a shipping container generator?

Housed within standard shipping containers, these generators offer a seamless integration of the generator set and its associated equipment, providing a robust solution that combines aesthetics with functionality.

Are containerized generators reliable?

Years of use in the rental, oil and gas, mining and other heavy-duty industries have tested the reliability, usability and durability of our containerized generators. Our primary design challenges in developing this line of containerized generators were usability, reliability and functionality for the end user.

What is a Tier 4 containerized generator?

Our Tier 4 containerized generators are high-powered —500 kW to 1250 kW— units packaged in 30-foot or 48-foot ISO containers.
