

# **Containerless solar energy manufacturers**

## Overview

---

Who makes solar panels?

3. LONGi Green Energy Technology Co., Ltd. (隆基绿能科技股份有限公司) LONGi is the world's largest producer of monocrystalline silicon solar modules. It leads in high-efficiency solar technologies, including TOPCon and HJT, supplying products to over 100 countries. The company has also expanded into hydrogen and storage technologies.

Where can a portable power container be used?

The MOBIPOWER portable power container can be used virtually anywhere on the planet and will produce and store all the power you will need.

Who is Trina Solar?

Trina Solar is a global PV leader offering high-performance solar modules, tracking systems, and smart energy platforms. Its Vertex series modules reach power outputs above 600W, while its tracking systems boost energy yields for solar farms worldwide.

Which solar panels do you use?

We use the highest quality solar panels, including LG, Peimar, and Canadian Solar; these solar panels harvest the sun's power and stores the energy in high-quality lithium batteries, controlled with an external BMS. Then the power is distributed using Victron Multiplus units, so this inverter/charger can transfer the power.
