

Customized 10kW European Folding Container

Overview

What is a solarfold container?

The solarfold Container is an immaculately-detailed and sophisticated plug & play system for a wide range of applications. The mobile drive system consists of a flexible drive unit mounted on traverses and can also be used for other solarfold PV power plants.

Who is LZY container?

LZY container specializes in foldable PV container systems, combining R&D, smart manufacturing, and global sales. Headquartered in Shanghai with 50,000+ production bases across Jiangsu, Zhejiang, and Guangzhou, the company employs 1,000+ professionals, including 20+ engineers driving energy storage technology.

What is the solarfold container monitoring app?

The free monitoring app is part of your package and enables you to monitor the solarfold Container at any time, and from anywhere. The comprehensive functionality of the app supplies data about yield, energy flow and the amount of electricity currently being fed into the grid – and all in real-time.
