

# Does Albania have enough lithium for battery energy storage

## Overview

---

Will Albania build its first lithium ion battery plant?

Chief Executive Officer Bruno Papaj said the firm signed a memorandum of understanding with an Indian investor on the construction of Albania's first lithium ion battery plant. The facility is planned to come online within two years, with 100 MW in annual capacity.

Why does Tirana need Vega Solar?

Furthermore, the country is exposed to drought and often turns to emergency imports. Tirana-based Vega Solar, which develops, installs and maintains rooftop solar power plants, saw an opportunity to contribute to diversification with battery energy storage systems.

Does Albania have a hydropower plant?

Hydropower makes up almost the entire domestic output in Albania, which helps balancing to a point, but it has no pumped storage hydropower plants. Furthermore, the country is exposed to drought and often turns to emergency imports.

## Does Albania have enough lithium for battery energy storage

### [Albania Energy Storage Lithium Battery Factory Powering a ...](#)

The Albania Energy Storage Lithium Battery Factory bridges renewable energy potential with practical storage solutions. By combining advanced battery chemistry with smart energy ...

### [Project launched in Albania for production of battery energy storage](#)

Feb 27, 2024 · Vega Solar and Indian company Sainik Industries - Getsun Power agreed to build the first lithium ion battery factory in Albania. It would have 100 MW in annual capacity. The ...
