

Doha Container solar

Overview

Doha-based QTerminals has launched a major long-term project to install solar panels on the reefer container stacks at container terminals CT1 and CT2 in Hamad port, in Qatar. What is Qatar's largest solar power project?

Samsung C&T E&C Group has been awarded the contract for Qatar's largest solar power project, underscoring its growing leadership in renewable energy infrastructure. Commissioned by QatarEnergy, the 2,000MW Dukhan Solar Power Project represents the largest capacity solar facility ever undertaken by a Korean construction company.

How many solar panels does Qatar have?

Spanning 27□—equivalent to 3,790 football fields—the massive site will be fitted with 2.74 million solar panels. Upon completion in 2030, the plant will generate enough electricity to power approximately 750,000 households, even considering Qatar's high per-capita energy use.

What is Samsung C&T doing with Qatar's largest solar project?

Samsung C&T secures Qatar's largest solar project, a 2,000MW facility in Dukhan covering 27□ with 2.74 million panels, strengthening its leadership in global renewable energy EPC.

How has Qatar improved its solar energy sector?

Since the launch of Al Kharsaah plant in 2022, with an initial capacity of 800 megawatts, Qatar rapidly enhanced its solar energy sector, doubling its capacity within just three years, which is a remarkable achievement in itself.
