

# Dubai Flow Battery Factory

## Overview

---

Why did the UAE open its first fully integrated battery recycling plant?

The UAE officially opened its first fully integrated battery recycling plant, marking a significant step towards a circular economy and sustainable industrial development.

Why is dubatt launching a battery recycling plant in Dubai?

The launch of Dubatt's battery recycling plant at Dubai Industrial City is a testament to investor confidence in the UAE's and Dubai's future-proof and holistic roadmaps, such as Operation 300bn and Dubai Economic Agenda 'D33', which promote the manufacturing sector's sustainable expansion in the UAE."

What happened to a lead acid battery plant in the United Arab Emirates?

March 24, 2022: Ground has been broken for a combined lead acid battery manufacturing plant and recycling facility in the United Arab Emirates (UAE), Italian group Seri Industrial announced on March 22.

Why is dubatt opening a battery factory?

Abdulla bin Touq Al Marri, Minister of Economy, said: "Dubatt's opening emphasises the manufacturing sector's pivotal role in achieving circular economy goals." Battery products manufactured at the end of the production cycle will be sold domestically and exported, aligning with the 'Make it in the Emirates' initiative.
