Estonia solar curtain wall aluminum pendant manufacturer

Overview

What are aluminum curtain walls?

The aluminum systems are not only easy to transport but also straightforward to manufacture. Curtain walls —also known as glass façades and exterior glazing systems—convert previously unused spaces into energy assets, enhancing both aesthetics and functionality.

What is a solar curtain wall?

Commercial applications are most often designed, engineered, and installed by Solar as storefronts. The curtain wall can be utilized on virtually any type of business. A system can be added to the exterior of your building or utilized for interior divisions between departments or as office walls.

What is the SMARTIA M35 curtain wall system?

The SMARTIA M35 is a 'value for money' curtain wall system that combines aesthetics and high performances. Its minimal design offers reduced sightlines compared to other typical curtain wall systems.

Are solar innovations ® curtain wall frames custom built?

All Solar Innovations ® curtain wall frames are custom built to meet the exact dimensions of your opening. Solar Innovations ® offers eight standard frame finish colors and unfinished aluminum; custom finish options are available at an additional cost.
