# European Communications 5G Base Station Tender Results

## Overview

---

Does 5G affect mobile revenue growth in Europe?

By the end of 2024, 5G accounted for 30% of mobile connections in Europe, equivalent to over 200 million connections. However, 5G has not yet materially altered mobile revenue growth, which remains low in most European markets.

What is the European 5G Observatory?

The European 5G Observatory is a valuable resource for anyone interested in the development of 5G networks. Whether you are a policymaker, researcher, telecom operator, or simply a tech enthusiast, the Observatory offers reliable and up-to-date information on 5G's progress.

How 5G is transforming water management in Europe?

The mobile industry in Europe is increasingly driving deployment of smart solutions, especially for digital utilities, by leveraging 5G in IoT solutions. Some recent examples on water management initiatives are as follows:.

How does the EU add value to 5G SA?

In addition to the support for local innovation, the EU added value is also based on the dissemination and the early adoption of concrete 5G SA use cases that will contribute to gaining insights and increasing maturity for 5G applications in different sectors.
