# Financing for Middle Eastern Photovoltaic Folding Container Wind-Resistant Projects

## Overview

---

Is wind energy a business opportunity in the Middle East?

While solar has become a popular avenue for companies in the Middle East due to its solar yield and reliability, wind energy is also becoming an opportunity for business growth. ACWA Power and Envision Energy are developing a 1.1 GW wind farm in Egypt's Suez Gulf region, which has the highest wind potential in the country.

Who is developing a solar power project in Saudi Arabia?

The consortium developing the project includes UAE's Masdar, China's GD Power, and Korea Electric Power Corporation. The project is part of Saudi Arabia's National Renewable Energy Programme, aiming for 40 gigawatts of solar capacity by 2030.

Who is developing Al Sadawi solar project in Saudi Arabia?

The \$1.1 billion Al Sadawi solar project in Saudi Arabia being developed by a consortium of UAE clean energy company Masdar, China's GD Power and Korea Electric Power Corporation (Kepco) has reached financial close.

Is Saudi Arabia a good place to invest in solar power?

The Mohammed Bin Rashid Al Maktoum Solar Park's ongoing expansion, which aims to reach a capacity of 7,260MW by 2030, continues to create demand for a skilled workforce, making it an attractive destination for professionals across the region. Saudi Arabia is also making strides with its solar ambitions.
