High power outdoor communication power supply BESS solution

Overview

Is C&I Bess a good battery storage provider?

Product Description As a trusted lithium energy storage provider, our Outdoor C&I BESS offers unmatched safety and reliability. Its LFP lithium-ion technology ensures high performance for commercial lithium battery storage, with advanced safety features like pressure relief and fire protection.

What is C&I Bess?

Our C&I BESS Solution uses patented LFP lithium-ion technology, delivering dependable commercial lithium battery storage with pressure relief and fire protection features tailored for tough outdoor conditions.

What components does Te support?

TE supports next-generation battery systems with a broad portfolio of more reliable, compact, safer components, including switches, connectors, DC contactors, of-board power resistors, power and control connections (terminal blocks, crimp terminals), identification and labeling, cable glands, and EMI filters.
