Himel circuit breaker factory in Iraq

Overview

What are Himel miniature circuit breakers?

Introducing Himel brand Miniature Circuit Breakers (MCBs), engineered for superior performance and unmatched reliability. These MCBs are designed to provide automatic shut-off protection against overloads and short circuits, ensuring the safety of your electrical systems.

How does Himel air circuit breaker work?

Himel air circuit breaker automatically interrupts the current flowing through it when the current exceeds the trip rating of the breaker. Air is the medium of electrical insulation between electrically live parts and grounded (earthed) metal parts. Catalog | Technical Specification: Download Catalog Request for Quotation.

What is a Himel MCB?

With a robust build and high breaking capacity, Himel MCBs are suitable for both residential and commercial applications. Easy to install and compatible with various electrical configurations, they offer peace of mind by effectively managing your energy consumption and preventing electrical faults.

How can I contact Himel?

To contact Himel, send an email to your local Himel team. Select your country from the dropdown list and click on the email ID to send an email. We are happy to help.
