

# **Honduras Off-Grid Energy Storage New Energy Department**

## Overview

---

Does Honduras have a power grid?

Honduras's power grid is extensively developed in all departments except the easternmost department, Gracias a Dios. Honduras has granted distribution concessions to 7 utilities nationwide, with the state-owned Empresa Nacional de Energía Eléctrica (ENEE) managing nearly 99% of the electricity grid. electricity. lowest electricity access rates.

What does the Secretariat of energy do in Honduras?

The Secretariat of Energy (SEN) is the primary government body responsible for overseeing the energy sector in Honduras, including mini-grid development. It sets national energy policies, plans rural electrification strategies, and coordinates with stakeholders to implement mini-grid projects.

What challenges does Honduras face in extending the grid?

Complex terrain: Honduras's geography, including mountainous regions and isolated communities like those in the Mosquitia, poses significant challenges for extending the grid. Transportation of materials is costly and logistically difficult, with some areas only accessible by boat or air.

How much money does Honduras need to build a solar PV plant?

Most recently, Honduras has acquired a loan for US \$29.4 million to build a 51.1 MWp solar PV plant. Secretariat of Energy (SEN) is the primary government body responsible for overseeing the energy sector in Honduras.

## Honduras Off-Grid Energy Storage New Energy Department
