

# **How many energy storage power stations are there in Mumbai India**

## Overview

---

Will Tata Power install a 100 MW battery energy storage system in Mumbai?

Mumbai, 7th April, 2025 – Tata Power, India's largest integrated power company and a trusted electricity provider to approx. 8 lakh residential and commercial consumers, has received approval from the Maharashtra Electricity Regulatory Commission (MERC) to install a 100 MW Battery Energy Storage System (BESS) in Mumbai over the next two years.

How will a 100 MW power system benefit Mumbai?

The system will also optimise reactive power management, improving peak demand efficiency and strengthening the city's power infrastructure. The 100 MW system will be installed across 10 strategically located sites in Mumbai, especially near load centres.

Where will Tata Power install a 100 MW power system?

The entire 100 MW system will be installed across ten strategically located sites, especially near load centres across Mumbai Distribution, centrally monitored and controlled from Tata Power's Power System Control Center.

Does Tata Power have a battery storage system?
