

# How much does a container generator set cost

## Overview

---

How much does a generator cost?

The purchase of a generator can cost several thousand euros. We at MT Container GmbH have consistently sold generators from well-known manufacturers such as Carrier and Thermo King at our container depot. These generators have different features and performance levels.

Where can I buy a genset container?

The genset can also be attached to the chassis of the container, in these cases, it is called an underslung genset. Here at Alconet, you can buy a genset container both new and used. Take a look at our current offer down below, or request a quote directly to receive a price inquiry.

What is a genset on a reefer container?

A generator set ensures that reefer containers have power when there is no regular power source available. The generator is normally mounted on the front of a reefer container; in those cases, it is a clip-on genset. The genset can also be attached to the chassis of the container, in these cases, it is called an underslung genset.

How long can a diesel generator run a container?

A diesel generator is able to run a container for up to 5 days without the need to refill fuel. At MT Container GmbH in Hamburg, you can buy or rent generators for your containers, of course always after a comprehensive expert consultation. We also offer repair and maintenance for generators, containers and reefers.
