

# **Huawei explosion-proof solar panels in Lyon France**

## Overview

---

What is Huawei solar doing with kilowattsol SAS?

This June Huawei Solar started its cooperation with Kilowattsol SAS, one of the European market leaders in yield assessment for PV projects. According to Xavier Duval the Lyon based company assessed 42 percent of the bidded PV plants in France. The focus is on pooled ground-mount and rooftop PV projects with a capacity of more than five MW.

Who attended the France fusion Solar Conference of Huawei?

Around 120 customers and investors joined the France FusionSolar conference of Huawei in Lyon, France. Huawei is enhancing its solar activities and presence in Europe. Around 120 customers and investors joined the France FusionSolar conference of the inverter manufacturer in Lyon, France.

Does Huawei have a presence in Europe?

Huawei is enhancing its solar activities and presence in Europe. Around 120 customers and investors joined the France FusionSolar conference of the inverter manufacturer in Lyon, France. "Size, large investments in R&D and long-standing experience in telecommunications."

Are ATEX solar panels explosion-proof?

Enhanced Safety Features: Standard panels do not need to be explosion-proof, meaning they lack safety features of ATEX and IECEx-certified panels. For instance, while a typical solar panel might house its electrical connections in standard junction boxes, ATEX panels use explosion-proof junction boxes.
