

# **Huijue sodium sulfur battery energy storage container installation**

## Overview

---

What is Huijue's home energy storage solution?

Huijue Group's Home Energy Storage Solution integrates advanced lithium battery technology with solar systems. Ranging from 5kWh to 20kWh, it caters to households of varying sizes. It reduces electricity bills and serves as emergency backup power, providing a seamless, intelligent, and one-stop energy solution.

How safe is Huijue's containerized battery system?

Safety is a top priority for Huijue's Containerized BESS. The containers are constructed to meet rigorous safety standards, and the battery systems incorporate multiple layers of protection, including thermal management, fire suppression, and overcharge/overdischarge prevention.

What are Huijue containers?

Packaged in ISO-certified containers, our Containerized BESS are quickly deployable, reducing installation time and minimizing disruption. Huijue's containers are designed for durability and efficiency, integrating advanced battery technology with smart management systems.

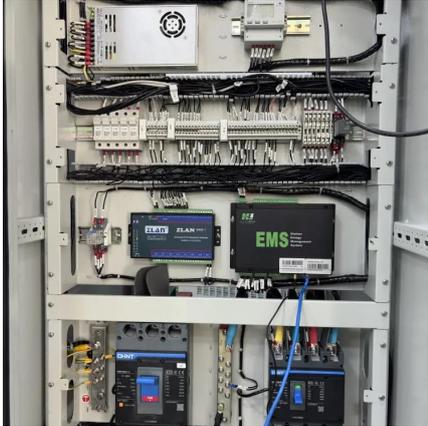

What battery chemistries does Huijue use?

Huijue employs a variety of battery chemistries in its Containerized BESS, tailored to specific customer needs and application requirements. Common options include lithium-ion batteries, such as Lithium Iron Phosphate (LFP), known for their high energy density, long cycle life, and safety features.
