

Iceland outdoor communication battery cabinet UPS

Overview

What is an outdoor integrated cabinet?

Outdoor integrated cabinet is well suited for power equipment, batteries, telecom gear, all integrated into a robust, economical package. The cabinet contains internal mounting rails, which allow installation of standard 19" equipment. Support custom-made.

What is industrial outdoor UPS system?

Industrial Outdoor UPS system is used in various and complex environments. The UPS systems we developed for the system are all based on outdoor harsh environment design and have industrial-grade stability and reliability, and can adapt to an ambient temperature of 60°C.

What are outdoor Telecom cabinets?

Our outdoor telecom cabinets are designed to protect your sensitive network equipment from harsh environments where equipment may be exposed to dust or water. For added protection, there is a water and dust proof polyurethane door joint strip.

Is ups a good system for outdoor use?

(2) The UPS system is designed for an outdoor environment, with natural heat dissipation and no need for fans. The whole system is maintenance-free.
