

# Indonesian Mobile Energy Storage Container 5MW

## Overview

---

Why is Indonesia launching a 5MW battery energy storage system?

Indonesia's state-owned utility and battery producer have launched a 5MW battery energy storage system (BESS) pilot project as it seeks to move away from diesel-generated power.

Will Indonesia build a battery energy storage system?

JAKARTA, March 18 (Xinhua) -- Indonesia's state-owned electricity company PT PLN and its subsidiaries have collaborated with the Indonesia Battery Corporation (IBC) to build a battery energy storage system (BESS) with a capacity of 5 Megawatts (MW) this year.

What is a 5MW battery energy storage system?

A 5MW battery energy storage system (BESS) pilot project has been launched by Indonesia's state-owned utility and battery manufacturer in an effort to transition away from diesel-generated electricity. The nation's state-owned utility, PLN, has joined forces with another state-owned organisation.

Does Indonesia have a grid-connected energy storage system?

There, the global system integrator Fluence recently turned on a 20MW/20MWh grid-connected BESS as part of a 1,000MW portfolio in development and construction for power company SMC Global Power. Indonesia's current pipeline of energy storage projects is mostly pumped hydro, totalling 4,063MW according to IHS Markit.

## Indonesian Mobile Energy Storage Container 5MW
