

# Island solar panel manufacturer

## Overview

---

Who is island solar power?

ISLAND SOLAR POWER Swimsol provides affordable and durable marine floating & rooftop solar PV systems for the tropics, where land space is limited. We make solar energy a hassle-free experience by handling all the tech & maintenance. We work with ultra-luxury resorts and small businesses alike - always aiming to provide great service.

What is solar PV on a resort island?

Solar PV on a resort island a clear sustainability message to your clients and partners The colour of PV panels matches the island colour palette Swimsol provides a unique solution to achieve desired solar production capacity - floating solar powerplant at sea (offshore solar). SolarSea produces 5-10% more energy due to natural cooling at sea.

What is rooftop solar for Islands?

Rooftop solar for islands Swimsol provides affordable and durable marine floating & rooftop solar PV systems for the tropics, where land space is limited. We make solar energy a hassle-free experience by handling all the tech & maintenance. We work with ultra-luxury resorts and small businesses alike - always aiming to provide great service.

What is swimsol solar powerplant at sea?

Swimsol provides a unique solution to achieve desired solar production capacity - floating solar powerplant at sea (offshore solar). SolarSea produces 5-10% more energy due to natural cooling at sea. Swimsol technology is already competitive in islands and tropical regions using diesel for power.
