

Jakarta solar container lithium battery pack factory

Overview

Will China build a lithium-ion battery plant in Indonesia?

China's REPT Battero has revealed plans to build a lithium-ion battery plant in Indonesia, targeting 8 GWh of annual production capacity in the first phase. From ESS News Hong Kong-listed REPT Battero has announced plans to invest in a new battery production facility in Indonesia.

Will PT Rept battero build a battery factory in Indonesia?

Image: REPT via LinkedIn Chinese battery manufacturer Rept Battero has announced plans to develop an 8GWh gigafactory in Indonesia specialising in lithium-ion cells for battery energy storage systems (BESS). Rept Battero's non-wholly-owned subsidiary, PT Rept Battero Indonesia, will invest in and construct the Indonesian Battery Factory.

Is battery storage taking off in Indonesia?

Despite the opportunities for manufacturing, from a deployment perspective, battery storage has not yet taken off in Indonesia beyond a handful of projects, including a 5MW pilot announced by the government in March 2022. Rept Battero has announced plans to develop an 8GWh gigafactory in Indonesia specialising in lithium-ion cells for BESS.

How many GWh will Indonesia's battery factory produce?

The first phase of the Indonesian battery factory is expected to achieve an annual production capacity of 8 GWh of lithium-ion batteries and components. Hong Kong-listed REPT Battero has announced plans to invest in a new battery production facility in Indonesia.
