

Jordan solar Panel Power Generation Project

Overview

How many solar PV projects are there in Jordan?

Jordan Electric Power Company (JEPCO): 591.44 MW (32,257 projects). Irbid Distribution Company (IDECO): 309.32 MW (28,588 projects). Electricity Distribution Company (EDCO): 181.10 MW (13,300 projects). The global decline in solar PV system prices fueled strong demand for installations during the first half of 2024.

Is there a cap on solar PV projects in Jordan?

In September 2024, Jordan's Council of Ministers lifted the cap on solar PV project sizes, enabling large-scale installations. A notable example is a 50 MW solar power plant financed by Cairo Amman Bank and currently under construction.

What is the solar energy potential in Jordan?

The solar energy potential in Jordan is enormous as it lies within the solar belt of the world with average solar radiation between 4 and 8 KWh/m², which implies a potential of 1400-2300 GWh per year annually.

Why is solar energy important in Jordan?

Electricity demand in Jordan plays a significant role in the high amount of energy consumption to cover the needs of heating, cooling, lighting, etc. For that, the availability of the solar radiation information becomes essential to help in the design and building of the solar energy application.

Jordan solar Panel Power Generation Project

[Jordan: NEPCO, Shams sign deals for 100MW solar project to ...](#)

4 hours ago · AMMAN -- The National Electric Power Company (NEPCO) and Shams Specialised Company on Thursday signed two agreements to establish, supply, and connect a ...

[Jordan's Solar Surge: Policy Shifts and Tech Innovations Fuel](#)

May 14, 2025 · Jordan's solar sector is poised for continued growth, supported by progressive regulatory policies, cost-effective technological advancements, an increase in global ...

[Jordan solar project: 200 MW Powerhouse, Essential for 2026](#)

Sep 10, 2025 · Jordan has launched the first phase of the Al-Safawi Al-Sharqi 200 MW solar photovoltaic (PV) project, a major step in its commitment to renewable energy.

[AMEA Power Commissions 50MW Solar Power Plant in Jordan](#)

Sep 8, 2021 · Al Husainiyah Power Generation Company will operate the project for 20 years, avoiding more than 3 million tonnes of CO2 emissions. Furthermore, supplying approximately

[Kingdom for Energy Investments](#)

4 days ago · Hoshia for Energy Generation International Finance Corporation (IFC), a member of the World Bank, funded the construction of seven solar plants in Jordan, Hoshia for Energy ...

[Al Hanakiyeh Solar Project: Jordan's 1.1 GW Energy Milestone](#)

Apr 3, 2025 · Discover how the 1.1 GW Al Hanakiyeh solar project is transforming Jordan's energy security, creating jobs, and driving its renewable goals forward.

[Jordanian government promotes small scale solar](#)

Jan 2, 2025 · The new government of Jordan has been described by analysts as progressive on clean energy. Public support for solar has already been widespread, with tariffs for home ...

[The Progress of Solar PV Sector in Jordan in 2024 , EcoMENA](#)

Jan 21, 2025 · In September 2024, Jordan's Council of Ministers lifted the cap on solar PV project sizes, enabling large-scale installations. A notable example is a 50 MW solar power plant ...

[FAO tests floating solar innovation in Jordan to boost panel ...](#)

Oct 10, 2025 · A new solar energy prototype designed to improve panel efficiency in hot climates has been assembled and tested in Jordan. The initiative is part of FAO's " Lowering costs via ...
