

Lg s latest solar container energy storage system

Overview

What is LG Home 8 energy storage system?

Home is where the 'smart' is. The all-in-one LG Home 8 Energy Storage Systems (ESS) is engineered to store and provide your home up to 14.4 kWh of usable energy from solar panels or AC-coupled power. And with energy efficient solutions, you can rest easy knowing your home is future-proofed with reliable backup power for ultimate peace of mind.

Why should you choose LG Energy Storage Systems?

LG is proud to lead the charge toward a greener future with stylish and dependable electrification solutions. With our all-in-one Energy Storage Systems, we're committed to providing more reliable, renewable energy to power your home when you need it and peace of mind when you don't. Home is where the 'smart' is.

What does LG ESS offer?

Discover more about what our LG ESS has to offer. Get around-the-clock sustainable power you can count on with home energy storage or commercial energy storage solutions engineered by LG Electronics.

When will LG Energy Solution replace ESS home batteries?

First, as announced in December 2020 and expanded in August 2021, LG Energy Solution is replacing ESS Home Batteries that were manufactured during a certain time period.
