

Liechtenstein Communications 5G Base Station Bidding

Overview

Will Telecom Liechtenstein expand its 5G network in 2023?

Telecom Liechtenstein received approval to expand its 5G network the Principality of Liechtenstein in January 2023 by acquiring the rights to use frequencies through reallocation. TLI will expand its 4G/LTE network capacity and introduce 5G, the most powerful mobile communications standard currently available, to FL1 customers by mid-2023.

Who is the largest mobile operator in Liechtenstein?

After the successful roll-out of the fiber optic core network in Liechtenstein, Telecom Liechtenstein and Nokia have also signed the contract to expand their 5G network. Swisscom “Liechtenstein” is the largest mobile operator in Switzerland and also in Liechtenstein. Hence, it is also the largest mobile operator in Liechtenstein.

Does Liechtenstein have a mobile phone system?

The Liechtenstein mobile phone system is attached to Switzerland. This means that customers of all three providers can roam in Switzerland on Swiss networks without additional fees. This applies to data too.

What are 5G base stations?

5G base stations form the backbone of next-generation wireless networks, enabling enhanced bandwidth, ultra-low latency, and broader coverage to support rising connectivity demands. Driven by surging smartphone adoption (78% global mobile ownership in 2023, per ITU) and escalating internet usage, the market is poised for robust growth.
