

Madrid Industrial and Commercial Energy Storage Power Station Factory Direct Sales

Overview

Will Madrid become a central base for energy storage systems?

“Our strategy is very clear: to turn Madrid into our central base for energy storage systems. From there, we’ll provide agile and specialized support to clients across Europe and Latin America,” Gattoni explained.

Are commercial and industrial energy storage systems the future?

Among the most promising advancements is the deployment of commercial and industrial energy storage systems that not only enables a more resilient and flexible energy infrastructure but also enhances cost savings, energy independence, and sustainability outcomes for businesses and the grid.
