

# **Malta New Energy Battery Cabinet Repair**

## Overview

---

Will Malta develop a battery energy storage system?

The government has received 16 offers for the development of Malta's first large-scale utility battery energy storage systems, Minister for the Environment, Energy and Public Cleanliness Miriam Dalli told The Malta Independent.

What is Malta's Energy & Climate Strategy?

This project is in alignment with Malta's energy and climate strategies, as it emphasises the integration of energy emanating from renewable sources and the mitigation of energy curtailment, thus enhancing energy security and reducing carbon emissions.

What does interconnect Malta do?

They will provide services to address the intermittency of renewable energy sources, enabling the storage of electricity generated during peak photovoltaic production hours and shifting it to periods of lower renewable energy sources output, when consumer demand is higher," Interconnect Malta had said last November.

What if Malta is isolated from the Italian Grid?

Provide fast frequency and voltage stabilisation to the Maltese grid in case Malta is isolated from the Italian grid because of maintenance or faults. ERA reviews the Project Description Statement and confirms that an Environmental Impact Assessment (EIA) is not required
