

# Metal clad switchgear factory in Canberra

## Overview

---

What is a metalclad switchgear?

Metalclad Switchgear (5kV to 38kV): Our metalclad switchgear is suitable for both indoor and outdoor installations, providing reliable power distribution in harsh environments.

What is wilcorowcotm metal clad industrial switchgear?

WilcoRoWco™ Metal clad Industrial Switchgear has built a reputation as a true performer in the harshest conditions. The entire Metal clad range can really take a beating and withstand extreme temperature without compromising performance or safety.

Can metal clad industrial switchgear be padlocked off?

Metal clad Industrial Switchgear can also be padlocked off at two locations. The two padlock positions accept 8mm hasp padlocks or scissor lockout tags and comply with Australian occupational Health and Safety Requirements.

What is a custom manufactured switchgear?

Our custom manufactured switchgear solutions are designed to meet companies' specific power distribution equipment needs, and we are known as the preferred choice among custom switchgear manufacturers. We offer a wide range of stainless-steel, metal-enclosed, and metal-clad switchgear, as well as switchboards ranging from 208V to 38kV.
