Namibia outdoor wind power base station manufacturer

Overview

Who makes wind turbines in Namibia?

To manufacture wind turbines in Namibia, by Namibians, for Namibians, creating sustainable energy solutions for generations to come. Our journey is about more than just creating energy; it's about fostering independence, driving industrialisation, and empowering communities.

How can Namibia achieve energy independence?

We envision Namibia achieving complete energy independence through locally produced wind energy, driving sustainable growth and self-reliance for future generations. To manufacture wind turbines in Namibia, by Namibians, for Namibians, creating sustainable energy solutions for generations to come.

Does Namibia use wind energy for electricity generation?

The economic analysis evaluated the utilization of wind energy for electricity generation from the country's point of view, assuming that Namibia continues to rely on imports from the RSA as per purchase agreement of 1996.

How did the wind energy evaluation programme - Walvis Bay Luderitz work?

After the first promising measurement results, the stations were upgraded using continuous data logging systems. The results of these measurements are compiled in the report "Wind Energy Evaluation Programme - Walvis Bay:Luderitz" and first published as an interim report in July 1996.

Namibia outdoor wind power base station manufacturer

[About Us - windwisenamibia](#)

windwisenamibia is transforming Namibia's renewable energy landscape by establishing local wind turbine manufacturing facilities with advanced European technology, aiming for energy self ...

[Windwise Namibia Aims to be Africa's First ...](#)

Jun 10, 2025 · Windwise Namibia, an independent private company that will have over 50% Namibian shareholding, has set an ambitious target of ...

[GOLDWIND , Global Clean Energy Solutions_Wind Turbine](#)

Goldwind is a global leader in clean energy, energy conservation, and environmental protection. As a world-top wind turbine manufacturer, we are committed to providing integrated wind ...

[InnoVent Diaz: work on Namibia's 2nd wind farm is in full ...](#)

Apr 1, 2025 · InnoVent's investment The Diaz project is the second wind farm to be built by the company in Namibia, but represents InnoVent's seventh Namibian renewable energy farm. ...

[Ministry of Industries, Mines and Energy](#)

The Ministry of Industries, Mines and Energy is renowned as performance driven. By promoting, facilitating and regulating development and sustainable utilization of Namibia's mineral, ...

[Wind Turbines Suppliers Serving Namibia](#)

Pecos Wind Power leverages MW-scale design techniques to develop the world's most cost effective kW-scale distributed wind turbine. In 2017, Pecos Wind Power was founded by three ...

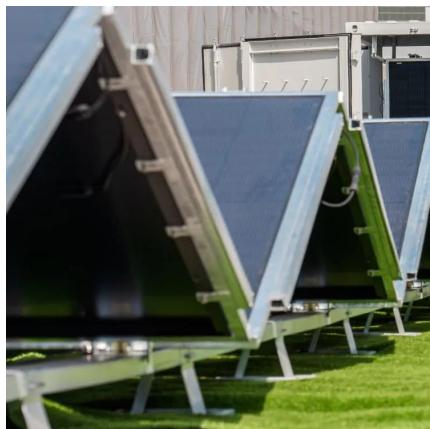

[Diaz becomes InnoVent's second Namibian ...](#)

Jul 12, 2024 · In 2023, InnoVent's revenue in Namibia amounted to Euro6.5 million. With an annual production of over 230 GWh of green electricity, ...

[Windwise Namibia Aims to be Africa's First Wind Turbine Manufacturer](#)

Jun 10, 2025 · Windwise Namibia, an independent private company that will have over 50% Namibian shareholding, has set an ambitious target of becoming Africa's first wind turbine ...

[Diaz becomes InnoVent's second Namibian wind farm](#)

Jul 12, 2024 · In 2023, InnoVent's revenue in Namibia amounted to Euro6.5 million. With an annual production of over 230 GWh of green electricity, the Diaz wind farm will represent 5% ...

windwisenamibia

Our Objectives At windwise, our goals are aligned with the needs and aspirations of Namibia: u2028 - Catalysing industrial growth We are driving Namibia's industrialization by developing ...

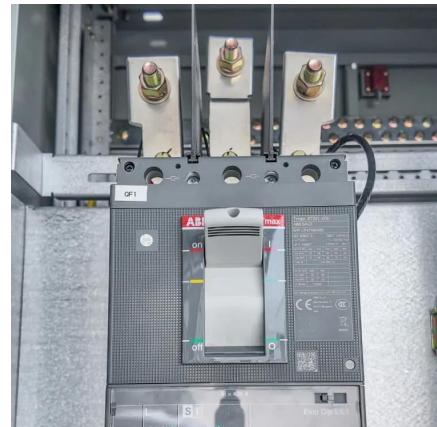

[Nabrabase in Namibia - Nabrawind](#)

Apr 20, 2025 · This project covers the design, manufacturing, and installation of four Nabrabase foundations for #InnoVentDiaz wind farm in Namibia. Each of the four XEMC turbines (2 MW, ...

Namibia outdoor wind power base station manufacturer

The Cerim Luderitz Wind Power Station, is a 50 MW (67,000 hp) power plant that is being developed in . The power station is under development and is owned by Cerim Luderitz ...
