

New Delhi Mobile solar container outdoor power BESS

Overview

NEW DELHI | 8 May, 2025 — The GEAPP Leadership Council (GLC) today officially announced the launch of India's first utility-scale, standalone Battery Energy Storage System (BESS) project, the largest of its kind in South Asia. Is Indigrid launching a 20MW battery energy storage system in Delhi?

IndiGrid successfully launches 20MW Battery Energy Storage System (BESS) project in Delhi. by Team Small News | Apr 5, 2025 | Energy Storage IndiGrid, a leading infrastructure investment trust in India's power sector, has commissioned its maiden commercial battery energy storage system (BESS) project in Delhi.

Which energy storage solutions provider has commissioned BSES Rajdhani Kilokari substation?

AmpereHour Energy, a full-stack energy storage solutions provider, in consortium with Indigrid, has commissioned BSES Rajdhani Power Ltd's (BRPL) 20 MW/40 MWh battery energy storage system (BESS) project at the BSES Rajdhani Kilokari Substation in Delhi.

Who commissioned India's first standalone battery energy storage system?

India's first commercial standalone battery energy storage system (BESS) project with a 20MW/40MWh capacity at the distribution company level and a tariff approved by the electricity regulatory authority has been commissioned by power sector infrastructure investment trust IndiGrid in Delhi.

Why should India invest in a Bess storage facility?

With a significant increase in renewable energy generation capacity, it is imperative that storage facilities are developed to help India and the world transition to clean energy. With an annual tariff nearly 55% lower than the previous benchmark, the project sets a new standard for BESS affordability in India.
