

# **New Delhi solar container battery Source Factory**

## Overview

---

Is IFC financing India's largest stationary battery energy storage system?

In a LinkedIn post, Diep Nguyen-van Houtte of the International Finance Corporation (IFC) announced IFC's participation in financing India's largest stationary battery energy storage system (BESS), developed by the IndiGrid Infrastructure Trust. The.

What is Bess - battery energy storage system at kilokari?

Delhi marked a major leap in urban energy infrastructure with the inauguration of a 20-MW (40 MWh) Battery Energy Storage System (BESS) at Kilokari, deemed the "largest" utility-scale system in South Asia. The project, inaugurated by Delhi Power Minister Ashish Sood, is hailed as India's first commercially approved utility-scale energy.

Why is battery storage important for India's power future?

Harsh Shah, CEO and Whole Time Director of IndiGrid, highlighted the critical role of battery storage in India's power future. He emphasized the importance of smart energy storage solutions for grid resilience and efficient renewable integration, stating that the project reflects IndiGrid's dedication to sustainable infrastructure.

Why is indigrid launching a commercial battery storage project?

Marking IndiGrid's entry into commercial battery storage, this milestone project represents a pivotal moment in India's energy transition. The BESS installation is engineered to support renewable energy integration into the distribution grid, enhance grid stability, manage peak demand, and fulfill ancillary power system needs.
